the american university

a thread . . . ties it together . . . a year . . . even a yearbook . . .

a university made of a thousand woven fibers . . .

absurdities . . . loose ends . . . people . . . tied up in knots . . .

entanglements . . . invisible binds . . . familiar patterns . . .

twisted ideas . . . worn out places . . . taut concepts . . .

dangling conversations . . . curving values . . . groping

insecurities . . . tugging drives . . . weaving thoughts . . .

unraveled moments . . . strings attached.

each of us alone . . .

and yet,

a thread . . . catches us and holds us together . . .

as one . . .

through this two hundred and forty page heartbeat . . .

a.u.—your little stitch in the real world . .
